Coastal Community Bank Named SBA Community Bank Lender of the Year in Western Washington for the Second Year

EVERETT, Wash. – Coastal Community Bank was again honored for their Small Business Administration (SBA) lending efforts at the SBA Awards Gala in Seattle on May 2, 2017. Coastal earned the title of SBA Community Bank Lender of the Year, an award bestowed annually on a community bank in a given region who participates in the highest number of loans.

“All of us at Coastal are honored to be recognized by the Small Business Administration as a leader among community banks in our region. Businesses choose SBA loans for many reasons, and find that working with a local banker who has an expertise in the options available through SBA makes the process easier than they expect.” said Greg Starup, SBA Manager at Coastal Community Bank.

The U.S. Small Business Administration offers a variety of loans for very specific purposes. Their loan programs range from general small business loans to assist in the acquisition, operation or expansion of an existing business, to financing for major fixed assets such as equipment or real estate. The benefits of an SBA loan to the borrower may include down payment requirements, loan structure, and in some cases longer terms.

“Our success in SBA Lending is directly attributable to our lenders and credit teams working to find the best fit for a business customer.” adds Starup. “This award is a testament to our efforts to fight for small businesses in our area.”

Coastal Community Bank was founded in Everett in 1997 and has 12 offices in Snohomish and Island County. Coastal is a true community bank offering a wide variety of deposit and credit products to meet the needs of businesses and consumers in the greater Puget Sound area.
