## **Coastal Community Bank Welcomes Tina Davis as VP, Business Development Officer at its Newest Marysville Branch**

EVERETT, Wash. – Tina Davis joined Coastal Community Bank as Vice President, Business Development Officer at the Bank’s newest location in Marysville. With over 30 years of experience working with clients in her hometown, Davis knows a thing or two about sustaining business and building long-lasting relationships.

“Tina is known for her banking expertise, excellent customer service and deep commitment to the Snohomish County area where she has spent nearly three decades serving her neighbors,” said Eric Sprink, President and CEO. “We are thrilled to have her as part of our growing Coastal family—providing the kind of dedicated banking that customers want to find and will always follow.”

Davis worked most recently as the Branch Manager for Union Bank in Arlington. Prior to that, she managed the Evergreen Way Branch and Arlington Branch for Frontier Bank. “The opportunity to work with a strong, community bank again is like a dream come true,” said Davis. “I look forward to offering customers the kind of personalized service they have come to expect from a locally grown bank.”

Throughout her career Davis has been active in her local community. Currently, she serves on the Board of Commissioners for Cascade Valley Hospital, Rotary Club of Arlington and is the Program Coordinator for Operation Christmas Hope.
