- Check your balances
- Review recent account activity
- Transfer money
- Deposit paper checks
- Pay bills and check pending payments
- Receive mobile alerts
- Find ATM and Branch locations

### More ways to do your banking

Coastal **Photo Deposit** allows you to make deposits by taking a snap shot of the front and back of your check. You can also get extra fast answers by utilizing new **Text Banking** features or setting up a **Mobile Alert** to let you know when your balance reaches a certain amount. **People Pay** allows you to securely send money to friends or family wherever they bank.

### Get started with these simple steps:

1. Go to the Google Play Store or the iPhone App Store.
2. Search and download the "Coastal Community Bank" app.
3. After you open the app, you will be asked for your Online Banking username and password.
4. For Windows phone users, you can access mobile banking by entering [m.coastalbank.com](http://m.coastalbank.com) in your device's browser.

† The first time you access the app, you will be prompted to enter a security code. This authentication process requires that we have your mobile phone number on file. †† There is no charge for Mobile or Text Banking, but text message and data rates may apply depending on your phone plan. ††† We recommend that you only download our free mobile app from authorized sites (Play Store, App Store).
